ABOUT TAGLAY

A trade house built around trusted brands.

TAGLAY is an Istanbul-based export and trading house specialising in genuine, globally trusted fast-moving consumer goods — chocolate and confectionery, biscuits, coffee and hot beverages, dairy staples and snacks.

We supply importers, wholesalers and distributors worldwide with full container programs — 20' and 40' FCL, with mixed loads welcome within the same origin and loading point. Every offer is quoted from a live weekly price sheet, with origin and shelf life declared per lot, and a complete export document set provided with every shipment.

From our base in Istanbul — at the crossroads of Europe, Asia, the Middle East and Africa — we move product where our partners need it, at trade terms that let both sides grow.
